

INTELLICHLOR® PLUS & LT SALT CHLORINE GENERATORS

**The leader in Salt Chlorine Generators
now gives you even more.****

The IntelliChlor Plus & LT Salt Chlorine Generators have new and improved modular designs — providing more serviceability, accuracy, and value than Pentair's first-generation IntelliChlor® and iChlor® Salt Chlorine Generators.

KEY FEATURES

- ▶ Drop-in replacement for existing Pentair salt chlorine generators, which requires no additional plumbing.
- ▶ Compatible with existing IntelliChlor Power Center and Pentair automation systems.
- ▶ Modular design enables simple replacements for electronics and sensors.
- ▶ Easy-to-read LCD/LED interface with built-in diagnostic information makes service easier.
- ▶ SmartSense™ technology accurately adjusts chlorine output when the pump is off or the pool cover is detected as on.
- ▶ A redesigned conductivity sensor provides more accurate salt level readings.
- ▶ Acid cleaning kit provided with all units makes routine cleaning easier.
- ▶ Regular cycling helps prevents calcium and scale buildup to maximize cell life.

◀ Intuitive interface available in black for IntelliChlor Plus Salt Chlorine Generator and sand for IntelliChlor LT Salt Chlorine Generator.

Redesigned module ▶ incorporates conductivity and temperature sensors, as well as flow switch, for easy replacement.

**Sanitizer™ is an industry term of art and is not intended to imply any antimicrobial capabilities.
**Based on data from the Pool and Hot Tub Association from United States Pool Year 2023.
